1. This memorandum contains a recommendation submitted for concurrence of the undersigned. Such recommendation is contained in Paragraph 4.

2. Contract No. [redacted] covers the procurement of a study and analysis of the Agency's Photo Intelligence Center's methods of handling and processing photographic data and to make recommendations for improvement and growth potential. Amendment No. 1 is being written to extend the period of performance from 31 May to 19 June 1959 for reason that delays were encountered as certain work areas expanded and more people were required. These additional people had to receive security and clearances and thus a delay was unavoidable.

3. No additional funds are being obligated under the contract as a result of the above extension.

4. Concurrence in Amendment No. 1 to Contract No. [redacted] is recommended.
